

Section 02260 S

TRENCH SAFETY SYSTEM

The following supplement modifies Specification Section 02260. Where a portion of the Specification is modified or deleted by this Supplementary Specification, the unaltered portions of the Specification shall remain in effect.

1. Delete paragraph 1.02 A.2 and replace with the following:

“No payment will be made for Trench Safety Systems for structural excavations, tunnel shafts, auger pits, or excavation for trenchless installations under this section. Include payment for Trench Safety Systems in applicable structural or utility installation sections.”
2. Add the following to paragraph 1.03:

“D Trench Safety Program is the safety procedures governing the presence and activities of individuals working in and around trench excavations.”
3. Add the following to paragraph 1.04:

“E Submit certification that trench safety system will not be subjected to loads exceeding those which the system was designed to withstand according to the available construction and geotechnical information.

END OF SUPPLEMENT
